Note:

- Please uninstall SM manually if you have Version 1.3.6 or older

Version: **1.3.17.16**

(since vers. 1.3.17.15)

Date: 1. February 2021

Engineer: Laszlo Bajusz

Fixed

- Version number

Note:

- Please uninstall SM manually if you have Version 1.3.6 or older

Version: **1.3.17.15**

(since vers. 1.3.17.14)

Date: 1. February 2021

Engineer: Laszlo Bajusz

Improvements:

- Added: some additional missing entries in the russian translation

Note:

- Please uninstall SM manually if you have Version 1.3.6 or older

Version: **1.3.17.14**

(since vers. 1.3.17.12)

Date: 26. January 2021

Engineer: Laszlo Bajusz

Bugs Fixed:

- Fixed blinking when we create multihead groups and connect a local to a remote, then share with another remote, take control there - then give back the control to the original one and disconnect from it with the keyboard - an unwanted blinking appeared

Note:

- Please uninstall SM manually if you have Version 1.3.6 or older

Version: **1.3.17.11**

(since vers. 1.3.17.10)

Date: 22. January 2021

Engineer: Laszlo Bajusz

Bugs Fixed:

- Fixed USB HID sharing mode when we use multiheadgroup

Note:

- Please uninstall SM manually if you have Version 1.3.6 or older

Version: **1.3.17.10**

(since vers. 1.3.16)

Date: 22. January 2021

Engineer: Laszlo Bajusz

Bugs Fixed:

- Fixed unwanted blinking

Note:

- Please uninstall SM manually if you have Version 1.3.6 or older
